Inspection Notes of the Murrai Secretary.

25th.January 1906.

Having been invited to be present at Mysore on the occasion of the visit of His Royal Highness the Prince of Wales, I left Bangalore on the night of the 24th January 1906 and reached Mysore on the evening of the 25th, inspecting the Gumbuz and the Masjid-i-ala at Seringapatam en route.

26th January 1906.

Inspected the Gumbuz and the Masjid-i-ala at Seringapatam in company with Mr. K.Srinivasa Rao, Assistant Commissioner of French Rocks and Mr. Gopala-Krishniengar, Amildar. The arrangements made at the Gumbuz for the reception of Their Royal Highnesses the Prince and Princess of Wales were found satisfactory. The Nazim was asked to attend to some slight repairs required to the inside walls of the Masjid portion of the Gumbuz and the Assistant Commissioner was requested to have carved boards placed on the tombs in the inner verandah of the Gumbus portion showing the names of the deceased personages. It seems desirable to re-paint or otherwise renew the names on the several tombs before they are altogether obliterated. The Deputy --

Commissioner will be addressed on the subject. no (1)

r. Ellis, the D.P.W. Officer at Sreerangapata who also accompanied me during my inspection of the Gumbuz, showed me over the repair works carried out by him out of those sanctioned recently for over Rs.,000/-. The works appeared to have been executed in a substantial manner.

The Nazim showed us the site selected for excavating a well near the Khankhana. It was found convenient and Mr. Ellis was requested to commence the well work already sanctioned.

The Assistant Commissioner suggested the idea of opening out a new entrance on the left (eastern) side of the present main entrance, so that the carts might be freely taken into the garden without interfering with the main covered gate. He and the Nazim explained that the constant passing of common carts through the main entrance had already damaged the roof of the entrance and the Nagarkhana above. They were asked to submit proposals in the usual course after the Royal Visit.

The Masjid-i-ala.

There ~~is~~ nothing of importance here. The repairs recently sanctioned were almost complete. The Assistant no (2)

Commissioner suggested that the two small verandahs opposite to each other at the entrance might be paved with Cuddapah slabs as the concrete of the floor thereof had all been broken up. The suggestion appeared to be good and Mr. Ellis was requested to carry out the work, the cost of which will be trifling. The Chief Engineer will be addressed on the point.

The Memorial Chattram.

The Assistant Commissioner informed me that he had been employing a care taker from August last for keeping the premises clean and lighting lamps at night and asked for sanction to his pay. The matter will be submitted for orders. It would appear that His Highness the Maharaja visited the building once and went through the rooms.

The New Vyasaroya Matt Building.

Mr. A.Raghavendra Rao's house which was recently purchased for Rs.5,000 for the purpose of locating the Sri Vyasaroyaswami Branch Matt was also inspected. The inner room in the hall facing east was found suitable for locating the Mula Vigraha which is now in the Old Matt building. The Deputy Commissioner will be asked to submit an estimate to have the idol removed to that place and to have it consecrated there

The whitewashing of the compound wall of this house with slight repairs in the west corner of it was found necessary and the Assistant Commissioner was asked to attend to it before the Royal Visit. The Assistant Commissioner explained that a care taker for this building was very necessary and that he had therefore continued the former Sudra servant in anticipation of sanction for keeping the building clean. He was asked to make a separate reference soliciting sanction therefor, the charge being met from the funds of the Matt.

The Parpattegar of the Sri Uttaradi Branch Matt represented that the building was in a very dilapidated condition and that the items of works provided for in the estimate now before Govt were all very necessary. The matter has been since submitted for orders.

While at Seringapatam, it was brought to my notice that the car of Sri Ranganathaswami was not dragged on the Sankranti day (14th January 1906) owing to want of sufficient number of men to drag it. The Deputy Commissioner will be asked to submit a detailed report on the subject.

Travelled by road to Mysore in the evening (26th) 27th to 30th . alt Mysore on the occasion of the Royal Visit.

[illegible] evening train[illegible]

[illegible] Inspected the

[illegible]

[illegible]

[illegible]

Palace building, the Hosur Subbanna's Mantap and Kasba Gundaiya's Mantap which are situated near the temple on the southern side of it, the Vymaliga Mantap on the roof and Srikanta Mandira which is now occupied by the Assistant Commissioner for rent.

4. Providing new cloths for the car and vessels for the Sivakoota.

5. Fixing iron chains to the doors of the following Sannidhies:-

i The Swami's Sannidhi.

ii. The Utsavara Do.

iii. The Ammanavara Do.

iv. The Tandaveswara Do.

& v. Narayanaswami Do.

6. The doors of the Khas Bhaktara Sannidhi containing the image of Maharaja Krishnaraja Wdodier III are very insecure. It seems that a theft was committed in this Sannidhi some months ago and the value of the jewel lost was recovered from the temple servants. The doors and the door frame must be replaced by strong ones.

The Peshkar represented that the unnecessary gold and silver pieces belonging to the temple which are

kept in the Taluk Treasury might be utilized for preparing new articles required for the use of the temple. It was ascertained that the quantity of such gold and silver pieces was as follows:

Weight of gold :- one seer , 9½ tolas, one Varaha and one Hana.

Weight of silver :- 98 seers ,10½ tolas 16 Havalas ~~weighing~~ weighing ½ Varaha and adda.

" Silver uncurrent coins Rs28-3-0

Copper uncurrent coins Rs.52 ~~and~~ five & pies 10½

A detailed report will be asked for on the subject.

The affairs of the lands of the Institution are in a ~~confound~~ compound state. It seems that out of Rs. 8451 received from the devotees &c for the purchase of lands, Rs. 6110 were paid and lands to the extent of Rs. 169 Acres and 10 guntas were secured and that out of this extent 58 acres 8 guntas only are under cultivation, yielding 150 Pallas of paddy annually or about Rs. 450 in cash. Against this amount the kandayam payable to Government is reported ~~to Government is reported~~ to be Rs. 371-3-9. It seems therefore necessary that the uncultivable portions of the lands should be resigned or given on Shraya tenure. The Deputy Commissioner's attention will be drawn to this Office previous communication on the subject.

The amount at the credit of the temple in the Savings Bank on the 27th January 1906 was reported to be Rupees

(6727-7-3) out of which , only Rs1892-10-8 belonged to the temple, the balance being the amounts paid by devotees for the purchase of lands &c. The Pass Book stands in the name of the Amildar for the time being and he draws the amount now and then as the necessity arises. An Order will be issued to the Deputy Commissioner authorizing the Amildar to draw on his own authority from the Savings Bank the amounts required for only two purposes viz, for the fixed Sevarthas of the devotees and for payment of the kandayam due to Government. The actual amount available at the credit of the Institution under the head "Savings" excluding the savings Bank deposit as well as the amounts already sanctioned for expenditure was ascertained to be Rs. 4586-5-8. The amounts available under all heads are not sufficient for the many improvements to be effected to the temple.

to D.C.

The Sivakoota

An expenditure of Rs. 265-15-4 was incurred up to the end of December last over and above the fixed allotment for Sivakoota Santarpane . It was brought to my notice that the Amildar had already drawn this amount from the Treasury out of the future months' total allotment under this head. This is very irregular. It will be pointed out to the Deputy Commissioner in a separate

communication . The allotment of Rs. 103 per mensem now made for feeding in the Sivakoota has been found insufficient in these days of high prices and means have to be found for increasing the provision.

Proposals may be called for to meet-enhance cost.

The Brahmin Chatram

There are at present two persons employed on Rs five each out of the Chattram funds to teach the Rigveda and the Yezurveda in the grant-in- aid Sanskrit Patasala, which is under the control of the Education Department. The original Baraverddars are not ~~doing~~ on duty for the past 5 or 6 years. They have employed substitutes of their own and in the case of Yezurveda teachership the Baraward is a female by name Subhamma. How and when the Baraward came to be thus transferred to the name of a woman is not clear. There is only one boy reading Rigveda and there are about 5 or 6 students reading Yezurveda all of them studying only the premiary portions. It seems the services of these teachers are utilized to teach Veda portions in some of the classes of the grant-in-aid Institution. It is doubtful whether the Chattram funds can be ~~directed~~ diverted for such purposes. The Deputy Commissioner will be addressed on the subject. One Ankanam inside the Chattram has to be slabbed. An estimate will be called for.

When we hear this arrangement may be discontinued.

The Gramadevate Temple

This small temple is situated by the side of the Brahmin Chattram. The Pujari who is a Tamadi prayed that the rice allowances of half a seer a day from the Ganaradhana Chattram which was discontinued some time ago might be ~~received~~ revived and that a Seere might be Ordered to be given from the Sri Srikanteswaraswami temple. I see no objection and Orders will be issued accordingly.

The Anjanayaswami Temple

Owing to the growth of two large Aswatha (peepal) trees near this small temple has become quite dilapidated and the question of removing the Moola Vigraha therefrom and consecrating it elsewhere has been under correspondence. The utilization of a portion of the Chattram for this purpose was thought of but it is objected to owing to the existence of the Gramadevate temple close by where annual sacrifices are sometimes performed. A Mantap situated opposite to the Sri Raghavendraswami Matt which was suggested is in my humble opinion quite unsuited to the purpose as it is surrounded by private houses and drains. The best place for locating the idol seems to be the Hosur Subbamma's Mantap in front of the big temple at Nanjangud. The local opinion will be obtained in this respect through the Deputy Commissioner.

Matt in company with the Amildar Mr. T.S.Raghavachar in the evening.

The repairs sanctioned to the Matt building have not yet been completed. As the Mahasamaradhane of this year is fast approaching, the Amildar was asked to complete the repairs by that time. An advance of ' 500/- asked for by the Amildar was sanctioned. The portion of the building intended for the Matt Sanskrit School is in a dangerous condition and the Brindavana of the immediate predecessor of the present Swami requires thorough repairs. As these works together with the touching up of the floor have also to be completed before the commencement of the Mahasamaradhane, the Amildar was asked to submit a Supplemental Estimate at once. There are at present 22 students on the roll reading Sanskrit in the Matt Patasala. The Swamigalu said that he had been paying Rs 15 per mensem out of the feeding allotment towards the increase of pay to some of the Matt servants as noted below:-

no (16) vide no antea

[illegible] to the above, he said that he had employed one [illegible] Varadhachar as Poddu Purpattegar, paying [illegible] per mensem from other sources of the Watt[illegible] and wished to raise his pay to Rs.4. A sum of [illegible] per mensem was also required to be granted to the Srishti Parivara for contingent expenditure. In all Rs.4½ per mensem were required to be newly provided for. A separate [illegible] on this subject

In regard to Sri Gnana Vadasi Madam temple and the Sri Agastyeswaraswami temple at T.Tarsipur. The Amildar said that in the former institution some of the devotees wanted to provide a wooden removable frame with glass doors to a portion of the Chandrasala in front of the Ammanvaru Sannadhi and place the Utsavaru there once a year in celebration of Sayanotsava during the Rathotsava season. It seems they have contributed about Rs.300 for the purpose. There is no objection to the proposal. He was asked to make a separate reference on the subject.

The Agastyeswaraswami temple which was recently repaired is in good condition and presents a bright appearance. The Vasaroyaswami Mada building here requires repair. I have called for estimates.

4th February 190[illegible].

Visited the Sri Kallikarjunas[illegible] temple, a Muduktore which is about 10 miles from Tarsi[illegible] and came back to Talvadi in the evening.

The Patel sons of the Sri Kallikar[illegible] have a temple at Siddkote [illegible] place is da[illegible]. There was a/large concourse of people chiefly non-Brahmins. It seems Tatra continues for about 11 days. Vows are [illegible] to all gods according to their means and the said to amount to [illegible] 500 or all. In addition to this the temple gets a [illegible] of about 50 per annum from Karikes and [illegible] fold of [illegible].

There are [illegible] of which two which are small ones belong to Ganapati and Ammavaru and the big car is reserved for the God. The last named car is in a dis-repairable condition and it seems it is not been [illegible] for the past 10 years. Of the Pattu samam days only the two small cars are [illegible] and the car one is decorated and the God placed thereon. The cloth [illegible] for the decoration of the big car are all old and torn. The Patel are will be asked through the Deputy Commissioner to send an estimate for providing new cloths.

Some repairs seem to be urgently required

Toppina Matt.

This Matt which is one of the Sivachar Matts is situated in the Indukhore village. The lands endowed to the institution were ordered to be attached about 5 years ago, the Matt having no Aiyya to look after its affairs. So it is now under the direct management of the Muzrai Department. The amount collected from the Inam lands and deposited in the Treasury since their assumption is Rs.-13-8.

One Sivabasavadevaru, a Sahukar of Talkad, represented that the former Aiyya was his uncle, that the management of the Matt rested in his family for several years past and that it was the intention of the Matt's disciples to make his youngest son (who is now about 6 years old) Aiyya of the Matt in due course. He added that even after the attachment of the Matt lands by Government he continued to keep the Matt building in good condition carrying on Gaodige worship and the feeding of Lingayet pilgrims and prayed that the lands might be restored to his management as usual subject to any restrictions that might be laid down in this behalf. He was asked to put his request in writing, when the matter would be disposed of with reference to the previous orders on the subject.

The Mahadeveswaraswami temple is in the enjoyment of an annual cash grant of Rs 723-10-0 . The temple is kept in good order, but it is doubtful whether the large tasdk is fully spent for the benefit of the institution and whether it is necessary to have such a large tasdik considering the unimportance of the village. I learnt that the full amount of the monthly tasdik allowance was being given to the Archak to be dealt with as he thought proper. A detail d report on the subject will be called for.

Notes on the Muzrai Institutions in the Mysore City visited by the Muzrai Secretary in October 1906.

13th October 1906 — Bommayyana Chattram:-

The Chattram built by Sahukar Bommayya in Santapet which has come under the management of Government in the Muzrai Department, is a spacious and substantial building affording good accommodation to travellers resorting to it. It has been let out for 2 years for locating the Dalavai Anglo-Vernacular Grant-in-aid school in which Sanskrit is also taught. The Head Master of the School pays an annual rent of Rs.100/-. He is required to keep the Chattram in good order. No establishment is maintained at present from the Chattram funds except a scavenger, who is paid One Rupee per mensem. There are two shops attached to the Chattram which are situated on the Southern side of it. They fetch at present Rs. 6 and Rs. Rs.3-2-0 respectively

nd the owner agreed in the presence of the Assistant Commissioner Mr Sundararajiengar, the Amildar r. Venkataramaiah and the Dharmadarsi Mr. Amble Anniah Pandit to pay Rs. 10 monthly for both the shops. The Deputy Commissioner will be written to on the subject.

(1) Draft submitted?

On the Northeren side of the front compound there is a vacant space on which 4 shops can be conveniently constructed and rented out. An estimate will be called for. There is a water tap inside the Chattram. ~~Brackish water~~ The Head Master of the School suggested that it might be removed outside to avoid dampness. The Deputy Commissioner will be asked to attend to this.

There are at present no Dharmadarsis to supervise the affairs of the Chattram. Mr. Amble Anniah Pandit suggested that persons noted in the margin might be appointed Dharmadarsis. The Deputy Commissioner's opinion will be asked for on this point.

r. Amble Anniah Pandit

" Dodda Mallanna

" Sahukar Bammaya

There is a Guide, it seems attached to

the Chattram, yielding Rs. 15/- annually. Rs.600 belonging to the institution stand invested in the Government Savings Bank in the name of the Vice-President of the Mysore City Municipality. The Deputy Commissioner should have the amount transferred to his name or to the name of the Amildar for the time being.

Sri Prasanna Manjundeswaraswami temple

Stone flooring is being laid out in the outer compound. It has been arranged to have the flooring all round the Prakara 9 feet wide. It seems this and the other repair works are conducted by Mr. Amblo Anniah Pandit who keeps with him the temple collections from the Maligas &c attached to the temple. The Amildar complained that this procedure was open to objection. The Deputy Commissioner will be addressed on the subject.

(2) Draft submitted.

Jumma Masjid:-

The repairs which had been under-taken have all been completed and the

and the buildin. is kept clean.

The door on the back side of the Masjid requires to be repaired and the window in the outer compound wall on the east of the Masjid ~~wall on the east of the Masjid~~ requires to be enlarged. A small estimate will be called for for these works if the estimated cost exceeds Rs.50 or the Deputy Commissioner will be requested to have these works carried out if the estimate is below Rs 50/-.

(3) Draft submitted & approved

Behind the Masjid a new road has been formed by the Trust Board by purchasing a portion of the site belonging to the Masjid. A small bit on the other side of the road is however left unutilised. This may be arranged to be sold by public auction and the amount credited to the funds of the Masjid.

Manisamy Chetty's Chattram:-

This Chattram which is in Doddapet near the Central Police Station is under the management of Government in the Chari Department together with its inam villages called

Alagunchi in the Nanjangud Taluk. ½ of the village belongs to the Chattram and the annual income derived from it comes up to nearly Rs.800 . It seems a heavy balance is outstanding as arrears. The Amildar of the Nanjangud Taluk will be asked through the Deputy Commissioner to recover all the arrears without further loss of time. There is only one Dharmadarsi at present. The Deputy Commissioner will be asked to revise the list of Dharmadarsis. Mr. Amble Ammiah Pandit suggested that himself Chikka Nundi samy Setty's son and Tanja Nanjunda Setty be appointed Dharmadarsis.

(4) Bapt subs Kappi

Ummar Shah Saib Makkan or Bade Masjid near Toll gate.

Ummar Shah was it seems a Moulvi from about the time of Tajpore the installation of His Highness the late Maharaja Krishna Raj Wadiar Bahadur III. A Masjid was built on his death built in his honor near the Toll Gate on the Mysore Seringapatam road. The Gumbaz portion is a nicely built substantial building, containing the tombs of Ummarsh. Saibs, his wife

and brother-in-law. The Makhandar enjoys a monthly grant of Rs. 37 from Government and the site all round on which some Health Camp sheds are constructed, belongs to the Institution. The Municipality pays a rent of Rs. 50 annually for the portion of the site occupied for the sheds. The Dusafir-khana is all in ruins. The Makhandar was advised to have it reconstructed. (5) Brahmin Subbarayudu

There is a good large well in the compound to which all the Pandas are brought during the Moharram. The Makkandar seems to be a respectable man. The Prince of Arcot had written a letter on his behalf to H. H. the Maharaja recommending him for some substantial help from the Mysore State. A Note on the subject which was called for by the Dewan was submitted to him some time back.

Uttaradi Matt

The repairs which were lately sanctioned have all been completed under the supervision of the Amildar. The following additional works are found necessary:-

The Stone Totti for water in the

kitchen should be removed.

There is hole in the wall between the kitchen and the Hall. A window should be provided.

(6) Draft subd & appd

Some of the Pillars and eave boards required to be replaced.

The floor requires to be concreted.

The Karaja on the right side of the steps leading to the upper storey should be removed,

The steps leading to the upper storey should be of stone and made more roomy if possible.

Verandah and eave boards should be provided for to prevent the walls being damaged by rain water.

On the outer side of the building there are 5 ankanams of pial without a roof. One Ankana may be added on to the room inside, the remaining two being converted into a verandah.

A supplemental estimate will be called for for all the above works.

It seems there is a house belonging to

the Katt, but it has been alienated. The Deputy Commissioner will be asked to enquire into the matter.

Jain Basti

The Office will send a reminder to the Deputy Commissioner about the lands recently purchased for the benefit of the Basti.

Returned to Bangalore by the morning train of the 15th October 1906.

Stone flooring is being laid out in the outer compound. It has been arranged to have the flooring all round the Prakara 9 feet wide. It seems this and the other repair works are conducted by Mr. Amble Anniah Pandit who keeps with him the temple collections from the Paligas be attached to the temple. The Amildar complained that this procedure was open to objection. The Deputy Commissioner will be addressed on the subject.

(2) Draft submitted

Jumma Masjid:-

The repairs which had been under-taken have all been completed and the

and the building is kept clean.

The door on the back side of the Masjid requires to be repaired and the window in the outer compound wall on the east of the Masjid ~~wall on the east of the Masjid~~ requires to be enlarged. A small estimate will be called for for these works if the estimated cost exceeds Rs.50 or the Deputy Commissioner will be requested to have these works carried out if the estimate is below Rs 50/-.

(3) Draft sub* & appd.

Behind the Masjid a new road has been formed by the Trust Board acquiring a portion of the site belonging to the Masjid. A small bit on the other side of the road is however left unutilized. This may be arranged to be sold by public auction and the amount credited to the funds of the Masjid.

Munisamy Chetty's Chattram:-

This Chattram which is in Doddapet near the Central Police Station is under the Management of Government in the Mudrai Department together with its inam villages called

Alaganchi in the Nanjangud Taluk. ¼ of the village belongs to the Chattram and the annual income derived from it comes up to @ nearly Rs.800 . It seems a heavy balance is outstanding as arrears. The Amildar of the Nanjangud Taluk will be asked through the Deputy Commissioner to recover all the arrears without further loss of time. There is only one Dharmadarsi at present. The Deputy Commissioner will be asked to revise the list of Dharmadarsis. Mr. Amble Anniah Pandit Suggested that himself Chikka Muni samy Setty's son and Tunga Nanjunda Setty be appointed Dharmadarsis.

(4) draft sub-committee

Ummar Sha Saib Makkan or Bade Masjid near Toll gate.

Ummar Sha was it seems a Moulvi who came to Mysore from about the time of Tajpore the installation of His Highness the late Maharaja Krishna Raj Wadiar Bahadur III. A Masjid was built on his death in his honor near the Toll gate on the Mysore-Seringapatam road. The Gumbuz portion is a nicely built substantial building, containing the tombs of Ummarsha Saibs, his wife &

and mother-in-law. The Makkandar enjoys a monthly rent of Rs. 27 from Government and the site all round on which some Medical Camp sheds are constructed, belongs to the Institution. The Municipality pays a rent of Rs. 30 annually for the portion of the site occupied for the sheds. The Musafar-
(5) Draft submitted khana was advised to have it reconstructed. portion is all in ruins the Makkandar
There is a good large well in the compound to which all the Pangis are brought during the Moharam. The Makkandar seems to be a respectable man. The Prince of Arcot had written a letter on his behalf to H. H. the Maharaja recommending him for some substantial help from the Mysore State. A Note on the subject which was called for by the Dewan was submitted to him some time back.

Uttaradi Matt

The repairs which were lately sanctioned have all been completed under the supervision of the Amildar. The following additional works are found necessary:-

The Stone Totti for water in the

the Matt, but it has been alienated. The Deputy Commissioner will be asked to enquire into the matter.

Jain Basti

The Office will send a reminder to the Deputy Commissioner about the lands recently purchased for the benefit of the Basti.

Returned to Bangalore by the morning train of the 15th October 1906.

W.

The above is submitted for perusal with 6 drafts for approval.

Chamier 13/1/07

To The 2nd Cr.

I have read this with interest. Drafts are approved.

~~Collection on the~~ Marquis Curios
in the Mysore City.
Visited by the Marquis Linlithgow
in October 1906.

Bommanapura Chattram:—

13th Oct- 1906.

The Chattram built by Subbaiah Bommanappa in ~~Subbaiah~~ Sandapet, which has come under the manage- -ment of Government in the Inquiry Department, is a spacious building, and substantial affording good accommodation to travellers ~~visiting~~ resorting to it. It has been let- out for 2 years for housing the Dalavoyi Anglo-Vernacular School in which Sanskrit is also taught. The Head master of the School pays an annual rent- of Rs 100. He is required to keep the Chattram in good order. No establishment- is maintained at- present from the Chattram Fund.

(1)

except a Scavenger, who is paid one rupee per mensem - There are two shops attached to the Chattram which are situated on the East side of it. They fetch at present Rs 6 and Rs 2-2-0 respectively and the owner agreed in the presence of the Asst Comr Mr Sundara Rajangam, ~~and~~ the Shroff Anilan Mr Venkata ramiah and the Dharmakarsee Mr Ambala Ammiah Pandit to pay Rs 10 monthly ~~for~~ both the shops - The Dy Comr will be written to on the subject.

On the northern side of the present Compound there is a vacant space on which 4 shops can be conveniently constructed and rented out. An estimate will be

~~for. on the subject~~

There is a water-tap inside the Chattram. The Head master of the School suggested that it might be removed outside to avoid dampness - The Dy Comr will be asked to attend to this -

There are at present no Dharmadarsees to supervise the affairs of the Chattram. Mr Ambale Ameeth Pandit suggested that the Managing Committee might be appointed Dharmadarsees -

Mr Ambale Ameeth Pandit	The Dy Comr's opinion will be asked for on this point -
" Dandale Mallanna	
" Lakshman Ramappa	

There is a question, it seems approached to the Chattram, yielding Rs 15 annually - Rs 600 belonging

to the institution should invested
in the Government Savings Bank
in the name of the Vice-President
of the Nagpur City municipality.
The ~~amount~~ Dy. Comr. should
have the amount transferred to
his ~~name~~ name or to the name of
"the Architect for the time being".

Ramaswamy Muthuswamy
Temple :— 13-10-06

---

(29) Stone flooring is ~~going~~ in
the outer compound. It has been
arranged to have the flooring all
around the Prakaram & first-side —
It seems this repair works are conducted
by one Ambala Avinash Pandit, who
keeps the temple collections from the
~~Mahajanastha~~ attached to the temple.
The Architect complained that

this procedure was open to objection.

(2) The Dy Comr will be addressed on the subject.

(3) Municipal 13-10-06

The repairs which had been undertaken have all been completed and the building is kept clean—

The door on the back side of the municipal requires to be repaired and the windows in the outer Compound wall on the east & the municipal requires to be enlarged. A small estimate will be called for for these works if the estimated cost exceeds Rs 50; on the Dy C. will be requested to have these works carried out- if the estimate is below Rs 50.

Behind the municipal a new

Road

by the Trust Board
has been formed acquiring
a portion of the site belonging to
the mosque. A small bit is however
kept unutilised. This may be arranged
to be sold by public auction and
the amount credited to the funds
of the mosque

Munisami Chetty's Chattram

13-10-06

This Chattram which is in
Doddapet near the Central
Police station, is under the manage-
-ment of Govt in the Municipal Dept-
together with its Town village
called Alagarchi in the Municipal
Taluk. One-fourth of the village
belongs to the Chattram and the
annual income derived from
it comes up to nearly Rs 800. The
seems a heavy balance is outstanding

as arrears. The Auditor of the Municipal Taluk will be asked through the D.C. to recover all the arrears without further loss of time. There is only one Dharmadarsee at present. The Dy Comr will be asked to revise the list of Dharmadarsees — one Ambedkar Amirth Pandit suggested that Chick municipal Chairman — the Taluk Munsiff, municipality Sub-Collector should be appointed Dharmadarsees.

on Board municipal meeting

Toll-gate 13-10-06

Ummarsha was it seems a merchant who came to Mysore from Sujapore after the installation of His Highness the late Maharaja Krishnaraja Wadeyar Bahadur on his death

III. A mosque was built in his honour near the Toll-gate on the Mysore-Tiruvengadam road

The ~~mosque~~ Kumbog portion is a nicely built substantial building, containing the tombs of Ummar-sha Saiba, his wife and brother-in-law. The makkamdar enjoys a monthly grant of Rs 27 from Government and the site all around on which some sheds are constructed, belongs to the Dastur. The municipality pays a rent of Rs 50 annually for the portion of the site occupied for the sheds — The mosque portion is all in ruins. The makkamdar was advised to have it re-constructed. There is a good well in the compound, to which all the Panjas are brought during the moharram. The makkamdar seems to be a respectable man. The Prince of Akrot had written a letter on his behalf to His Highness the Maharaja recommending him for some substantial

help from the Mysore State. A note on the subject ~~has been~~ submitted to the Dewan -

Uttaramadi matt

The repairs which were lately sanctioned have all been completed under the supervision of the Architect. The following additional works are found

(6) necessary: —

(i) The stone kutti in the kitchen should be removed

(ii) There is a hole in the wall between the kitchen and the ~~Kutti~~ Hall. A window should be provided. (iii) Some of the pillars & cow-bounds require to be replaced

(iv) The floor requires the

Contractor –

(iv) The W.C. on the right side of the steps leading to the upper storey should be removed –

(vi) The steps leading to the upper storey should be of stone

(vii) Verandah and cow bounds should be provided for to prevent the walls being damaged by rain water

(viii) On the southern of the building there are 3 Entrances of Varandah side. One Entrance may be converted into a room inside, the remaining two being converted into a Varandah.

A supplemental estimate will be called for for all works

It seems there is a house belonging to the Mutt, but it has been eliminated – The Dy Comr will be asked to enquire into the matter

Notes on the Inspection of Institutions visited by the Dy Inspector.

Visited the Sri Seekanteswara Swami Temple and the Sri Rajaswamiswami Mutt, Chattram at Nanjangud, on the 31st October 1901.

Sri Seekanteswaraswami Temple :—

The floor at the entrance of the Kitchen in the Compound requires slight repairs. The stone slabs irregularly spread therein should be reset.

The accounts maintained in the temple were examined, and it was observed that the amounts fixed in the Sasthik Vrithi of the Archakas and Parichakas in accordance with the Rules framed by Government, the

Draft vide letter to DI Mysore No.. dt

Lord Fortescue upon himself took the responsibility of either increasing or decreasing the fixed allotments assigned for various items of Expenditure. Another grave irregularity observed was, the unauthorised utilization of the Income Savings for special purposes without the previous sanction of Government. The Temple (in the absence of the Auditor General, was appointed court-House inexperienced and when questioned as to why he incurred such expenditure what he considered from the Temple-savings, which should have been remitted to proper the Treasury in accordance with the Standing orders on the subject, explained he acted under the orders of

Marked
Vide Letter No.

of the Auditor and the Accountants —

The objectionable items noticed in the accounts have been embodied in a Memorandum, which will be forwarded to the Auditor through the Dy Commr, for necessary explanation.

7

The Chattrams :—

This is one of the Chattrams wherein rice ration system was introduced by the late Surgeon Superintendent. During the revision of the Chattrams Establishment the number of Servants seems to have been reduced to 2 of whom one is the Peon Mukya and the other Kavalgar The duty of the former

Servants

is, as detailed in the
revised Sastric Pathi, to
attend to the wants of travellers
resorting to the Chattram,
dole out raw rations to
Byragees and Jangamars
both in the Brahmin Chattram
and the Gurumadhum Chattram
and to maintain regular daily
accounts. But the present
Karpathagar who seems to
have been newly appointed
a few months ago, was absent
leaving, as I was informed,
from Head Quarters, and
[illegible] accompanied
the Amildar on Jamabandy
work. On the day when I
visited the Chattram there
were about 28 Byragees
waiting for raw rations

There was none to attend to them. The Tailor ~~they~~ told me that ~~those~~ the Bazaars ~~had to go to a Shop~~ resorting the Chattrum would be urged to go to a particular shop and obtain the rations from the merchant, to whom payment was made every month on production of the accounts shewing the number of Bazaars to whom rations were doled out during the month — This seems to be a very unsatisfactory arrangement. The system prevailing in other non-ration Chattrums is as follows: —

If the Chattrum is

in the Head Quarters of a Taluk,
the ~~Taluk~~ Amildar or in his
absence the Shirestedar issues
chits to the Chattrams, specifying
the number of persons to whom
the rations have been doled out,
and the Brahmin servant
acts upon these Vouchers and prepares
accounts at the end of the
month —

— In the Chattrams not situated
in the Head Quarters of the Taluk, one of the
Dharmodarsees ~~visits the Chattram~~
attends the Chattrams by turns
every
day during mornings and
issues chits, on which the
Brahmin servant is required
to act —

The Chattrams at
Nanjangud being situated
in Taluk Head Quarters

The first alternative above noted may be followed or the Temple Peshkar may be asked to supervise the Chattram affairs, as is done at Srirangapatnam.—

The building is under repairs, & but the work seems to have been stopped now. The Dy Commr will be addressed on the subject.

Nothing worth noting here.—

The Sri Raghavendra Swami matt:—

Sri Anjaneyaswami Temple:—

This temple is a Nagara Dvara enjoying a small Inadik ground. It is in the most dilapidated condition. Mr Gowra Rao, the local Thasildar, promised to collect Contributions Rs. 100 or so & half the estimated cost of repairs

and proposed for the other

half being paid from Nagpur

Funds – He was informed

that the matter would be favourably

considered after the promised

Contribution had been fully

paid up – The D.C. will be asked

for an Estimate

On my way back to

Mysore in the evening, I

inspected the Bale Ors'

Chattram at Kadakola –

This Chattram is endowed

with 4 Survamanyam Villages,

but the building is almost in ruins –

It seems there are at present

2 servants maintained from

the funds of this Chattram, one

getting Rs 2–8–0 as Karnalyar

and the other annas 9 as Jadmali.

In addition to this amount, annas

& 10 & is paid monthly towards

towards lighting charges.
Thus, the total monthly
expenditure ~~in~~ connection
with this Chattram is at-
present Rs 3-11-4 only -
The question of reconstructing
the Chattram and of raising
~~the~~ funding therein is now
under consideration of
Govt.

On the morning of
the 1st November 1901, ~~we~~
X
visited the marginally-noted
3 Temples in the Mysore City

X (1) Sri Prasanna
Narasimhaswamy
Temple
(2) Hiri Devaki Temple
(3) Jothiramalingeswara
Temple -

The Prasanna Narasimha-
-swamy Temple is
in Sanctpet. It is under
the management of the Dy
Commr. A sum of Rs
400 annual was

sanctioned for its

repairs, but the work has

not yet been started.

Mr. Ambale Avinash Pandit,

who is the Dharmadarsee of

the ~~Chand~~ temple, informed

me that the repairs were required

to the extent of Rs 100 only, ~~and~~ that he would see

that such a large amount as the work carried on

and Rs 400 and odd, ~~was~~ within this amount

sanctioned for the same,

~~is~~ ~~very~~ ~~ex~~ not required. ~~would be enough~~.

The Dy Commr will be written

to on the subject.

The temple premises had

not been kept clean by the Pan-

-chayat. Verbal orders were issued thrice.

Shri Amruta Temple :—

This temple is situated ~~behind~~ near the old Post Office in Mysore.

It is in the most dilapidated

condition ~~as to cause~~ and a danger of

danger to the adjoining houses—

A

A sum of Rs 22 and odd,
which was reported to have
been at the credit of the
Temple, was sanctioned
for the dismantling of such
of the portions as were most
dangerous; and the Dy Comrs
was at the same time
requested to have an esti-
-mate prepared for repairing
the Dyarbhagudi or the
main temple. The dismantling
work has not yet been under-
-taken. ~~The main temple may~~
~~be replaced~~ It would be
sufficient if the main temple
is repaired, ~~the~~ the roof of the
~~the~~ portion of the building
~~would~~ may be dismantled
and the work brought to
~~a~~ slightly
repaired. It will then
serve

as a Compound wall — The details of the
materials of the demanded portion will be given in the
The Dy Comm^r will be asked
on this point.

Jotiirmaheswara Temple :—

This temple is a non-
-merged Institution, built by
one Dhanakoti Ammal, in
one of the Corners of Kalamma
Koil Temple Car Street
street. The building is no
doubt a nice one and is
kept & scrupulously clean —
Puja seems to be going on every
day — It is solely maintained
by the said Dhanakoti Ammal.
She gets 20 Seers of rice every
month for her maintenance
from the Maharaja's Chattram
at Mysore — She wants this
rice allowance to be transferred
to the name of the Temple,

and has presented a petn
to that effect. The matter
will be enquired into.

Visited the Sri Para-
-kala matt in the evening

Proceeded to Mulkolu
on the 2nd November 1901.

About the 7th mile
from the French-Rocks Rly
Station, there is a magnificent
Temple called "Timmala
-Sagara Srinivasa
Deevaru". It is in a state
of ~~grant~~ disrepair. The Dy Comr
will be ~~asked~~ informed
that unless the devotees
interested in the upkeep
of the Institn take immediate
steps to have it repaired
the Institn grant ~~will~~
have

have to be observed under

the Inspection Rules —

Malkota

I Visited the marginally-

noted Institutions at Melkote: —

Sree Narayanaswami

Temple: —

(1) Sri Narayanaswami Temple

(2) Sri Narasimhaswami Temple

(3) The Chattram

The temple is kept clean

and the services are properly

conducted, but regular monthly

accounts of Receipts and

Expenditure have not been

maintained for the past

19 months. The Rage of

Jewels and other properties

belonging to the temple have

not been written up since 1894.

The Ag Assistant of the Trench

Rocks, in whose jurisdiction

the temple is situated, does

not seem to have ~~checked~~ kind

~~the Temple~~ any attention

in

in respect of the accounts in this temple, although he generally visits Melkote once a month on account of criminal work. ~~The~~ and the Gumastas Cowmud Reshkar were informed that all the previous months' accounts should be prepared within 3 months from this date, failing which due notice would be taken of their conduct.

It was also brought to my notice that the Kaindayam due to the temple on the lands belonging to the Trust has not been collected for the last 8 years. The Reshkar, when questioned on the subject, explained

that he had already reported the matter to the Dy Architect and that he did not receive any instructions regarding the same — The Dy Commr will be addressed to take immediate early steps for the recovery of the amount due to the temple up to date.

Certain petty repairs such as the replacement of the old door of the kitchen, and the concreting of the roof of the Sri Parameshwara-mantha Sannidhi are reported to be urgently called for — A lump-sum of Rs 24 for the same follow stones on the eastern side of Chelvambers' front pond was, it seems, sanctioned

Sanctioned by the
late Mugrai Superintt
when he visited Madhola
in March last; but the
work has not yet been un-
-dertaken. This should
be attended to by the
Peshkar at once. || Near
the side of this hamlet,
there is an Anjaneyaswami
temple, which is under
Mugrai management, being
one of the minor temples
attached to the Sri Nara-
-yanaswami Temple. Its
Worshipper Shanik Kuppanna
Iyengar, brought to my notice
that the temple was leaky
all over. The Peshkar
visited

with the asked to prepare
and submit a small
estimate for repairing the
main building only,
leaving out the other portions
to be repaired by the devotees
interested in its up-keep.

Dharmadarsee Pandit-
Kuppuswamigar suggested
that the temple Vahanams
might be arranged to be placed
in the Vahana mantap, which
is opposite to the Sri Rama-
-yanaswami Temple. This
seems to be a good idea,
but the mantap may perhaps
require a door, at least
to half the height. The
matter will be considered
after ascertaining the probable
cost.

cost of such a door.

Some of the Tengale people represented that the Jeeyar Samidhi requires certain repairs. They were informed that some help could be rendered from the Mazrai funds, if they should contribute the major portion of the estimated cost.

Sri Narasimhaswami Temple on the hills:—

The door frame of the store-room and the southern wall of the Kitchen (2' 0½" x 2' 0") require to be repaired. An estimate will be called for, for the said repairs.

The Kulasa Head was

on the ~~[illegible]~~ Vimanam was,
it seems, stolen a few
months ago, but the perpetrators
have not yet been detected,
nor has a report been received
from the Dy Commr, regarding
the theft. The Dy Commr
has been lately written to on
the subject and his reply
is awaited. [illegible]

Véda Védanta Bodhini Pathasala :—

The monthly accounts of
Receipts and Expenditure
are properly maintained in
this Institution.

The Head master
Pandit Kuppuswamy
represented that there was
no sufficient accommodation
in the Pathasala
and

and requested that the two stone mantapams behind the Patasala belonging to the Temple might be repaired for some of the classes to be located there - This point will be considered on ascertaining the exact balance at the credit of the Temple.

Chattram :- This chattram enjoys a Inadik grant of Rs 58-11-0 a month. As the building was in a state of disrepair the funding in the Chattram was stopped in 1893 in view to accumulate sufficient funds for repairing it. ~~the~~ ~~book~~. Since then the 2nd funding

in the Chattram has been
entirely stopped, except for
about a fortnight during
the Vyapamadi Utsavam every
year — The old building
has completely come down
and the people urge ~~the~~
the Construction of a new
building and the revival
of feeding. The question
~~of~~ of a suitable site for
Chattram purposes is engaging
the attention of Government
and the Dy Comrs has
been written to on the subject.
His reply is awaited.
As regards ~~the~~ revival
of feeding, I am of opinion
that it can be temporarily
conducted in the ~~Chattram~~ building

Notes of Inspection by the 2nd Councillor

The 2nd Councillor accompanied by the Muzrai Secretary inspected the following institutions in the Mysore City on the 26th June 1907

1) Subbaroyadas temple

2) Bommiah's Chatram

3) Prasanna Manjundeswaraswami temple

4) Bakshi Narasappa's Chattram

5) Indiginous hospital

6) Jumma Masjid

7) Munisamy Chetty's Chattram

8) Krishna Jetty's Hospital

9) Jaggulala's Dharmasala

2. Subbaroyadas temple is in Krishna Vilas Agrahar. It is said to have been built by one Subbaroya Das during the reign of His Highness the late Maharaja Krishnaraj Wadiar Bahadur III. The vigraha of Sri Sreenivasa Devaru is consecrated therein. It is endowed with a cash grant of Rs. 58/- per mensem and is managed by the sons of the founder, subject to the supervision of the Palace Officer. Some improvements

were recently effected to the temple by the temple managers with the help of a Government contribution of Rs.500/-. The main entrance of the temple faces South and a new door way has been recently opened on the east side also. There is a strip of land in front of this entrance which is reported to be given away by the Municipality to a private gentleman to build upon. It would appear that the manager of the temple presented a petition to the Muzrai Secretary applying for the site in question for the benefit of the temple and that the Municipality has been written to by the Muzrai Secretary, who has pointed out that, instead of giving the site to others it would be preferable to give it to the temple to be used for a flower garden. The private individual to whom the site has been granted, has however been trying to enclose it by a compound wall, which is under construction.The Muzrai Secretary will kindly take needful steps in the matter.

3. Bommaiayya's Chattram is in Santepet and is said to have been built by Bommiah,

one of the ancestors of Hotto Ranganna, Chikka Muddappa, Dodda Muddappa and Chikka Bommiah. The Chattram together with its land endowments came under the management of the Mysore City Municipality in 1909 and the management was transferred to the Government in the Muzrai Department in March 1906. The building is a very spacious one and is situated in the heart of the town. It is kept clean and is rented out for an Anglo Vernacular School, but the representatives of the founder viz, Dodda Halliah and Muddappa protest against the school being kept there, and they request that the building may be reserved for accommodation of travellers. The matter will be enquired into by the Muzrai Secretariat.

The strength of the school was reported to be 210.

4. The Prasanna Nanjundeswaraswami temple is also in Santepet. It is endowed with a cash grant of Rs. 718-8-0 per annum, in addition to a vritti in the Sarvamanya Inam village of Kallahalli in the Yedatore Taluk, the annual income from which is said to be Rs. 455-8-9.

are 9 shops attached to the temple, yielding a monthly rent of Rs. 42-8-0. In the outer compound carts are allowed to stand and the right is leased out for Rs. 48 per annum. The flooring of the inner compound with stone slabs is almost complete. If the remaining work is also completed soon the place will have neat appearance.

5. Bakshi Narasappa's Chattram:- The late Mr. Bakshi Narasappa of the Mysore Palace built a temple dedicated to Sre Subramanyeswara and a chattram, and endowed them with land of his own in the Vedatore Taluk. Mr. Narasappa's widow appears to have been managing the charities until her death. The management came into the hands of Government in the Madurai Department temporarily in 1904 and it continues in their hands even now. The chattram portion is not kept clean. The floor of the upper storey in which a school is kept requires to be repaired as early as possible. It seems Mr. Venkatakrishnayya, one of the Members of the School Committee offers to have it repaired. He may be permitted to do so, if he agrees to the condition that the School Committee will have no hak over the building. The strength of the school has

said to be 100.

The open verandah attached to the Chattram was it seems, let out by the Deputy Commissioner to a private individual to be enclosed for the purposes of a printing press, but the City Improvement Trust Board appear to have taken objection to it.

6. In the Indigenous hospital there are 2 branches, one Unani and the other Hindu or Ayurvedic . Both appear to be popular. The establishment maintained for the two branches is as follows:-

For the Hindu Medecine Branch :-

One Head Pandit on Rs.	60+	15
One Assistant "		15
One Compounder		10
One Peon		6
2 Collies on Rs.		6 each

Total Rs.		118/-

For the Unani Branch:-

One Head Hakim	on Rs.35
One Assistant	15
One Compounder	10

One Cooly on Rs. 6

One maid servant on Rs.6/-

Total Rs. 72

The average daily attendance of the 2 institutions was reported to be 150 for the Hindu and 140 for the Unani dispensary

The Pradit of the Hindu Medecine Branch informed me that a few pupils were formerly being trained under him and that after they passed the examination some of them were employed in the Municipalities and other took to privat practice. There is no class now for want of funds I think it better to revive the class by giving the students some kind of encouragement. Mr. Kompa Rama Pandit was it seems, in receipt of some allowance while he was teaching the Students The matter will be considered.

The question of enabling Vydia students of H. H. the Maharaja's Sanskrit College to obtain practical knowledge by actual treatment of patients is under consideration.

A marble stone for compounding for

each of the two dispensaries is very necessary. The Muzrai Secretary will kindly write to the Senior Surgeon about its supply.

7. The Jumma Masjid which is in Doddapet is endowed with a cash grant of Rs. 2092-1-0 per annum. The building was reported to have been recently repaired. In the back yard of the Masjid there is an accumulation of mud to the depth of nearly a yard. Arrangements should be made to have it removed in view to prevent damp to the adjoining walls.

8. Munisamy Chetty's Chattram, which was founded by one Sahukar Munisamy Chetty's is in Doddapet. A portion of the Alagunchi village in the Nanjangud Taluk is endowed to the Chattram by the founder, besides a few shops which yield Rs 16½ a month in the shape of rent. The building is dark and ill ventilated. Owing to dampness it is very unhealthy. The upper storey looks all - right but seems to leak. Urgent repairs are very necessary. A portion of the roof of the front Totti and the damp portion inside should first be dismantled to let in light and air. The Muzrai Secretary will kindly arrange for this in

communication with the Deputy Commissioner.

9. Krishna Jettappa's hospital which is kept in the old Taluk Cutcherry building , is an institution established by a private individua of that name. The institution seems to be popular and the founder appears to take much interest I was struck with the large collection of Hindu medicines and drugs kept in the hospital.

10. Jaggulala's Dharmasala,otherwise known as Deenanathalala's Dharmasala is also situated in the heart of Doddapet. It was founded by ~~@@@~~ Deenanathalala, one of the leading Sahukars who is said to have come from Agra and settled here during the time of His Highness the late Maharaja Krishna Raja Wadiyar Bahadur III. The founder has endowed the chattram with an Inam village of his own in the Mysore Taluk, and it gets a cash grant Rs. 72 per memsem from the Muzrai Department in addition. The institution is under the management of the founder's grandson Raw rations are given here to Byragees at the rate of ½ seer of rice and condiments to each. The floor as well as some portions of the building require urgent repairs, which the manager

of the Institution should be asked to get promptly executed. We should obtain professional opinion before the work is started. There are complaints of mismanagement of this charity.

~~Instructions~~

4th April 1903.

In pursuance of the Director's orders that I should personally inspect the various Institutions in Darjeeling, Chumbong, Kurseong and other places proceeded to Calcutta for the Byramdi Utsavam by the mail train on the morning of the 4th instant and arrived here the next ~~morning via Siliguri Rocks~~.

~~5th April~~

A portion of the Chattram Establishment at Kurseong had been as usual deputed to conduct Sanctorum in the Chattram at the D. Rocks Rly Station, for about a fortnight

of the Corporation Water Works
of the Municipality of Madras

Pycroft Garden; and on
inspection it was found
that the average number of
persons fed in the Chattrams
was about 15. [illegible]
the number of persons waiting
at this Chattram building
during the ordinary seasons
of the year should be considerably
small.

Hull-market. — 5th, 6th & 7th April '03.

2. The Dy Superintendent Mr
Shaik Abdulla and the Assistant
Narasimhachelli Shanmuga
appeared to be not on good
terms with each other. The
main cause of the dispute
between the two seemed to be
the ill-treatment on the part
of the one and the consequent
insubordination on the part
of

Of the other -

& The Vysyanmadi Utsa-
- vam ~~started~~ Carried off on the
6th April and off succeeding
days a fairly large number
of persons had congregated
as usual. The Sub-Div
Officer mr N. Venkat Rao,
the Salem Superintendent
mr S Krishna Rao and
the Dy Amildar mr Shirk
Abdulla were also present.

H. Inspected the rama-
-lakshmi garden belonging
to the Sri Varadarajaswami
Temple. The Dy Amildar
pointed out a neela tree
and a banyan tree
and complained that the
Pushkar Shamanna had
them cut
without the previous sanction
of his Officer & Superior

~~and class distinguished~~
~~the boarders from~~. He
also said that a few
hummeyprasitic plants and
2 or 3 trees had been cut ~~out~~ also
~~by him~~. The matter
is reported to be under ~~enquiry~~ correspondence
by Inspector of the Vidu-
Vedanta Buddhist Pathsala -
The partition wall between
the two rooms which once
existed has been since removed -
This has given a spacious
accommodation in the hall
which will be very useful
for public purposes, such
as delivering lectures &c. -
The Head master Pandit Krishnamurthy
represented that as an in-
-document to the students
reading in the Pathsala,
the system of distributing
prizes to the successful
candidates

without orders

Candidates were
to kindly introduced. This
is a question of funds &
cannot be disposed of
immediately.

Examined the Temple
Accounts. It was brought
to notice that the distri-
-bution of pay to the temple
servants ~~would be~~ generally
take place during the latter
part of the ~~first~~ month,
as the Dy Amildar, who
has taken upon himself the
duty of disbursing the pay,
used to go to Mulkota after
the 15th ~~of the~~ the
was asked to pay and
disburse the pay before the
10th of every month —

The Accounts showed
that

that a sum of Rs 1420 and
was kept in deposit in the Temple
Treasury, the items consisting
of the savings effected from
time to time, the undisbursed
amounts &c. ~~Their existence~~
~~was unknown to the Head~~
~~Clerk~~ the Sastrikal was
directed to remit
the amounts to the Taluk
Treasury immediately,
after making
payments if any, due to the
servants ~~&c.~~ and others -

It appears that
Bhattamangalam was
not distributed to the
recipients during the months
of September, October,
November and December 1902,
owing to their absence from
the station during the prevalence
of

of the Plague. The amount was therefore kept in deposit in the Temple Treasury, but it would appear that the Temple - the Officer directs ~~it~~ of the equivalent ~~to be~~ disbursement ~~the~~ quantity of grain to the parties concerned ~~in each~~. A reference should have been made to Government on this subject, before disbursement ~~the payment~~ was ordered.

There is a system prevailing in the temple called "ו ס ע ו ס ס ס" that is, ~~giving out on contract~~ renting out a room in the temple premises for preparing ע ו ס on the requisitions of the ס ס ס ס ס ס ס - This ס ס ס ס is generally leased out to ~~some~~ the temple servants.

Who

who performs at the [illegible] daily,
of [illegible] for worship in the temple.

Complaints were made by
the Brahmins that this one of
[illegible] business has given
rooms to several kinds
of [illegible]
of disciples, such as the
performance of [illegible] intended for [illegible]
[illegible] [illegible] occur in 4 or 5 days [illegible]
the stealing of temple furniture &c.
and the temples suggested
that though at a small
loss to the temple, the one of
should be put a stop to.
It appears that the present
one of will expire
on the 30th June 1903. The
Dr Commr will be addressed
on the point.

It was brought to
notice that the Swastik
emblem of [illegible] and

and to ~~we~~ ~~of~~ ~~have~~ not being
sent to the Resident sent
to the Controller sent
are discussed in the Sub-
without the knowledge of
the Resident. The result is
that the temple authorities are
kept
quite ignorant of what
~~[illegible]~~ the
amounts paid and the
~~[illegible]~~
~~[illegible]~~
~~[illegible]~~

a curtain in the Vedamurthy ~~Swamy~~ ~~temple~~ on the Vyasamudi days

an Estimate for Rs two hundred and sixty has been received from the Dy Commr, but I am of ~~opinion~~ opinion that such a costly curtain is not required. The Dy Assistant showed me another curtain ~~pattern~~ of "rough bottomed" (?) which he said is prepared for the occasion in question, would cost only Rs 30 or 40 only — The Dy Commr will be asked to send a revised Estimate accordingly —

Melkote to Sunak-Rocks

Sunak-Rocks to Sivasamudra-

-puttana and back at the latter station.

Inspected the Sree Vyasa-

-rajaswamy mutt building at Sivasamudraputtana and

8th April

9th "

10th "

A petition had been received in this office in January last from ~~one~~ Sinjeeva Setty and others of Malkota Hamlet Ragharadas, Mukhast of the Byragee matt at Malkote died and was succeeded by Ramaprasanna Ramanuja Das. The petn was forwarded to the Dy Commr of the Nagar Dt for ~~the~~ enquiry and report, with reference to the rules regarding the succession to matts — A complaint (petn having been since received from some other individual claiming the Mukhastship in question, the Dy Commr was further requested to enquire into the claims of

of each individual and
submit a complete report.
He was also requested to
issue necessary orders
to bring the monthly Sadaka
allotment of the mutt Viz
Rs. 14-1-0 under sealings
until further orders and
until the nomination was
recognised by Government
most of the disciples as well
as the nominated successor
Ramaprasanna Ramanuja
Das represented to me at
camp on the 7th instant
that the temporary
withholding of the Sadaka
allotment payable to the mutt
has caused much inconvenience
to the Pujaries coming to
the mutt to receive Seedaswartha
and that the Puja in the
temple at the mutt has
also been very irregular.

They

[illegible] the Vizagapatam [illegible] building at [illegible] station [illegible]

~~(11)~~

and ~~Mr~~ Asst. Commr A.

Raghunandra Rao's house,

proposed to be taken up for
the mutt purposes - Kunigal

Krishnachar who is the local

Agent of the mutt represented

Hanagal the was present when Mr

C. B. Seshagiri Rao, Inspr

Asst Commr inspected the

mutt building as well as the

house in question, and he,

on behalf of the mutt and

other devotees, protested

against the proposed

purchase of the house for

the mutt purposes and the

removal of the

idol thereto, but the

Inspr Assistant Commr

would not heed his reasons

objections in the matter and he

brought

~~foreseen~~ three kinds of
objections viz (i) that if
a ~~new~~ house be newly purchased
for the matt purchases,
the present matt building ~~will~~ would
~~shortly~~ go to ruins, (ii) that
the removal of the idols
~~from the Worship~~ would be
~~considered~~ by one of the
former Swamies of the matt
~~Swamies~~ 200 years ago, ~~to be~~
~~a new building~~ ~~to be~~ unwarrantable
~~objectionable~~; ~~and~~ (iii) that
certain privileges enjoyed
by the matt ~~such as~~ at the
present building, such as
the prohibition of the other
matt Swamies passing
in front of the matt with
music &c, might not probably
be continued, if the matt
were shifted to another locality.

Other disciples of the
late

that were present at the
time of my inspection of the
Building in Company with
the Architect Mr Lockwood
and the Local Member Mr
Sublow Rao, were also of
the same opinion. — When
I had an interview with the
Rao Vijayaraghavachariyalu
at Salem on the 14th inst
he clearly expressed his
unwillingness in the matter
of the proposed purchase of
Mr Raghunadha Rao's
house. — A separate memo
will be submitted to the
Govt on the subject in
connection with the ~~disposal~~
~~of the~~ Dy Comm's Confdl
Note pointing disposal.

Despatched the Govt

and the Hussaini masjid which was newly constructed. The Compound of the latter ~~Dusty~~ is filled with rubbish and the ground is not levelled. The Amildar promised to have the needful done by employing a few of the farming gardeners ~~for a few days.~~

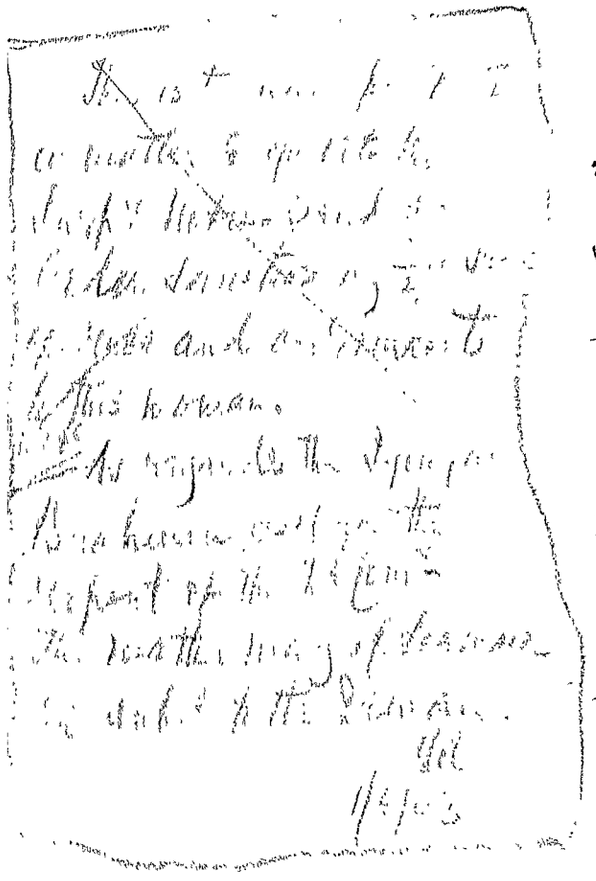
The Sub-Div Officer Mr Venkata Rao told me that he had recommended to the Govt the appointment of one Commandant and Adhumachar to the vacant post of Divanji in the Sri Ranganadhaswamy Temple at Srirangapatnam and suggested that it should be created in anticipation of vacation, as the time to begin the

The Margin of the farming land was found a few ~~g~~ old chairs and a big table were necessary

~~for use in Office~~ ~~When he visited the Gardens and took refreshment~~ ~~during the visit~~ ~~the amount of the refreshment~~

was felt when H.E. the Governor of and the Hon'ble the British Resident and others visited the Gardens recently. Arrangements will be made to supply Hungarian grass from Bangalore.

work temporarily as the people were anxious to hear the Lecture. I said that it might be done subject to the orders of Government on the communications expected from the Secy. of



One Gentleman, a
widowed daughter of [illegible]
[illegible] represented
that her father was getting
some rice allowance from
the Chattram at Serampore
-tation but that after
his demise a few days ago,
She was left helpless &
prayed therefore that the
allowance in question be
continued to her. The
Assistant told me in person
that she was really a deser-
-ving object of Charity

~~and recommended that~~
~~she be fined~~ the Chattram.
~~Imprisonment~~ him to do so.

One Doddayya was,
it seems, finding a large
number of people near his
farming on the days of
Tippu Sultan's Urus ~~and~~
and
he was getting a sum of
Rs 5 per annum ~~from~~ him.

~~farming~~ savings as a sort-
of his ... the Gov. ...
~~upon~~ ~~however~~. ~~Here~~ is reported-
Doddayya had ... his ...,
~~however~~ recently ~~died~~ but-
of the VIII Fasli, ... Rs. ...,
~~his son~~ is ~~refused~~ ~~these~~
... ~~petitioned~~
~~him~~. Continuing the Charity-
as if it ...
~~granted~~ by his father
Jivaraka Patti. The son having ... on the ... that the ... for ... the remainder time. A ... will be ... from the ... Dodda ... for ...
~~Thus~~ ~~for~~ ~~complainant~~ became
that the amount paid
from the farming ~~during~~
towards the charity in question
during the life-time of his
father has been discontinued.

On enquiry, the Nazim explained that a sum of Rs 150 in addition to the sanctioned allotment of Rs 187 was being paid for the Sippai Sultan's Urus before the remission of the Gumbaz Saalik Patti by the late Nazim as Endowments, but the same was discontinued after the remission, leaving the entire cost to be met from the fixed allotment of Rs 187 only. The sum of Rs 5 ~~bottom~~ still being paid to Arulappa was therefore, the Nazim stated, discontinued for want of funds. It is a matter for surprise to see a charitable disposal ~~Nadeem~~ hindered [illegible]

feeding a large number
of persons during the years
of a famines mahommedan
King. The charity ~~does~~
needs ~~require~~ to be encouraged.
Considering that only a
very small sum (Rs 5)
was being paid annually,
I am of opinion that
the payment should continue
so long as the charity
continues. The Dy Comr
will be written to accordingly
and he will also be requested
to report when and under
what authority the payment
was discontinued and
why the matter was not reported
to Govt for orders. —

Secrecy of letter to
G. Narasipur via Nanjanagud, Gundlupet & Gundlu
Owing to the prevalence
of—

11th April 1903.

following.

⊕ Inspected the Dustus at Basalinnavahini-

(1) The Chattrum built and endowed by the late Nowl Krishna Dos -

(2) The Eswara, Hee Anjaneya and Hee Rama - dwara Temples endowed by the late Nowl Krishna Dos -

(3) The Chattrams built by Venkatchiah, Bangalore Chowdiah and Chinjiah Chetty -

The Trustees maintained in 1 & 2 viz the Chattrum and Hee three temples are endowed with certain Vrittics by the late Nowl Krishna Dos in the Jurisdiction and Basavanahalli village in the T. Narasipur Taluk.

A separate memo will be

⊕ Inspected the building we enquired by the Architect belonging to the Sri Parakalaswami Temple. The Architect suggested certain improvements to be effected to the building so as to make it suitable for dwelling purposes - The required improvements may be effected and a reasonable estimate furnished by the Architect. The Estimates will be submitted before the Board, which will be considered in due course -

⊗ Examined the Chattrum accounts, which are all kept

⊗

Submitted the two questions now pending before Govt regarding these Vritties & those granted to certain Agrahareekas.

The Chattrams built by Veni Venkatasubbiah and Bangalore Chowdiah are also reported to be really endowed by Government. Complaints of mismanagement of these Endowments by the present ~~Dharmakartas~~ managers which have reached Government are under enquiry. The matter will be submitted for orders on receipt of complete information from the Dy Commr. Chunjiah Chetty's Chattram is now under construction —

Have the honour to

11th April 1903.

I. Narasipur Via Bannur,
Somanathapur and Esvala-
owing to the prevalence of

of plague at Bangalore, the
village had been ~~invaded~~
evacuated. There is a
temple here dedicated to
Sri Rama Swamy. It is
endowed with an extin-
-sive wet land called
Kummarkatte in the same
village. The Dy. Commrs
has submitted proposals
to increase the emoluments
of the temple servants
meeting the excess ex-
-penditure from the in
-come of the Inam lands.
A separate minute will
be submitted on the
subject.

On the way from Bagur
to ~~Dasanapura~~ Kasaba there is a
village called Kummarkhe
-lure in which is situated
a temple

Vishnu Temple dedicated
to ~~Shiva~~ Sri Jagannadaswami.
The temple is of an architectural
interest and the building is
in charge of the Public Works
Department, which has employed
a watcher or care-taker on
a salary of Rs 5 per mensem—
Worship has been stopped
in the temple for reasons
unknown — A portion of the
Kunnamkotta land reserved to
above has been granted
to this temple also, which
yields an annual income
of 17½ Kandies of paddy:
The devotees are, it appears,
contemplating the revival
of Puja in the Pusthu.

Hobli I. Narasipur. 12 Hs x 13 Hs.

The main question now pending
before Government is the
dispute between Tengalas and

and Vadagalai regarding the Desikar and the Jeyar Tirumaksha Mandapam. I inspected the new building in which Jeyar has been newly consecrated by the Tengalais and also, but objected to by Vadagalais examined the idols in the Sri Varasimhaswami Temple, which it is contemplated by the Tengalais there was no Vedanta Desikar idol of Desikar from the very beginning — I also heard both the parties and took down notes of what they represented. A separate memo will be submitted on the subject.

Inspected the Sri Agasthiswaraswami Temple at Tirumakoodal

examined the proposed
items of repairs for which
a revised Estimate for
Rs 785/. had been received
from the Dy Commissioner?
The proposed repairs appeared
to be necessary and the
Estimate was accordingly
sanctioned - In the original
Estimate the repairing of
a big stone mantap outside
the main temple had been
included for at a heavy
cost. This is only a luxury
? and does not appear to be
absolutely necessary. The
Dy Commr will be informed
accordingly -

At the entrance of
this temple there is a big
and beautifully decorated
Basava made of stone.

This at

It is partly shut up by a wall in front of it. The Amildar one Krishna-Swami Row was asked to remove the wall that obstructed the approach of Passengers and through open -

The Amildar represents that his living one of the old and sacred Lingas and the Inadik endowed hereto being inadequate to meet the required expenditure, the present Inadik allotment be increased as much as possible - Though the representation appears reasonable, the question cannot be taken up until the report of the Inadik allotment

the magnificent Lustre in
the State is ascertained.

On the bank of the
Kapila river near the
Travellers' Bungalow at-
Narasipur there is a valu-
-able Thirumeniyam Temple-
It is a large institution
but gets a very small
Income not sufficient-
even for daily Nivedya.
The Inamdar communi-
cated that some nice
allowance be kindly given
to the Temple from the Chattram
there - The Amildar represented that
an orphan named .....
Son of the Police Supplier
..... has been left in a
quite destitute condition
owing to the death of his
~~[illegible]~~ parents during the
prevalence of Plague at T. Narasipur.

and

and he therefore recommended that something might be given for his maintenance from the Chattram ~~fund~~ Manigapur - It appears that the rice allowance of one Ser hitherto being given to one ..... was discontinued as the boy attained his majority & that it has therefore fallen vacant. This one Ser per day of rice may be distributed as follows:—

½ Ser for worship in the Mookeshwara Temple

½ Ser for the maintenance of the boy named above

By the side of the Sri Ranga Narasimhaswami

at Tirunelveli there is a building, which the Amildar says is a Tirumaligai, but which is claimed by the Agent of the Athoolu matto as the matto property. The Agent has appealed against the Dy Comrs orders - A note will be submitted in due course -

In the Sri Gurjaganesimha Temple at Tirunelveli the Amildar says that the Tirumaligai is not there. The Agent of the Athoolu matto has appealed to Govt against the Dy Comrs orders to have the Tirumaligai restored to the Temple.

Inspected the Sri Vyasa-
rayaswami matt building
and had a long interview
with the Swamigalswami
in connection with the
involved condition of
the matt. A separate note
has already been submitted
to the Devasthanam as to the future
management etc.

Inspected the following
Dasthas at Talkad and
Mandalkere :—

Vyasarayaswami,
Varadarajaswami,
& Keshavi Ramaswami
Temples at Talkad ; and

Mallikarjunaswami
temple at Mandalkere
There is nothing worth mention-
-ing in the first three
temples. In the last
mentioned temple

the Kitchen portion on the left-hand corner of the inner compound is in a dangerous condition. The Architect was asked to send up an Estimate at once. The inner shrine has become very filthy as cocoanuts are broken there and as there is no arrangement for the water to escape ~~out~~. I sent necessary instructions in the matter.

There is a matt here called Tapinamatt the land endowments of which the Architect said were recently taken under the direct management of the Mysore Department. The matter does not seem to have come to the notice of Govt. necessary information will be obtained from the D C

15th April 1903

Talked back to T. Narasipur

16th T. Narasipur to Sunkesmallli

There is a Basaveswara temple here endowed with small Inam land — Sunkesmallli to Chamarajanagar.

Roughly examined the jewels in the Sri Chamarajeswaraswami temple, which are all kept in the temple Bankkasu —

× × × × ×

The inner Prakaras round the inner Prakaram and Sattumamanee's temple outside the tower attached to the main temple as well as the Car of the temple were all inspected. The Architect Mr Sundara - Rajayya said that Estimates for repairing

17th

× × × × ×

The Dharmadarsi of the temple presented a petn praying that certain alterations might be effected in the mimbers of T. Pattis. The petn was given over to the Architect with the observation that proposals should come through the proper channel.

has been submitted
for sanction. The matter
will be attended to on receipt
of the Estimates from the
D.C.

The Kitchen portion
in the Puttamanaiee's
temple also requires repairs -
The Injari of the temple offered
to give a contribution of
about Rs 50 for the purpose
and requested that the
balance be met from the
Devasthanam Funds - Necessary alterations will be effected
~~additions will be made~~
in the Estimate when sanctioned -

Inspected the Sri
Varadarajaswami Temple -
Outside the temple premises
a well is being ~~dug~~ sunk - The
Architect said that in
order to complete it a large
Estimate has been submitted
for

for Education, the charge being met from the Municipal Funds - It is a question whether it is a legitimate charge on the Municipal Funds and why the Local Funds should not contribute towards the estimated cost, considering that the well would be more useful to the public than to the temple -

A garden within the town, attached to the Sri Chamarajeswaraswami temple, is overgrown with prickly pears. An Estimate has it seems, been submitted for removing all these so as to render the ground fit for cultivation. The work appears to be very

The Estimate will accordingly be sanctioned. —

18th April.

to Haradanahalli,

Venkatappa Chetty and back —

Inspected the Divya

-lingeswaraswami and

the Gopalakrishnaswami

temples at Haradanahalli

and Srinivasa Devara

temple at Venkatappa

Chetty. Gopalakrishna

-swami temple is larger

than the Divyalingeswaraswami

temple and is more neatly

kept up. Some of the devotees

of the latter temple represented

that the large repairs were

effected to the Dasty and

some additional works

are required to be done — The

matter will be considered

when

a regular

When the Estimate is read -

There is a very huge stone

& W L. o W attached to this

temple just- in front. It

is rather hard a little

It is a gigantic work

to one side - to make it

straight --

Kumbakonam Subba

Rao's Chattram (which is

also under surgical management)

is located in a portion

of the Sri Gopalakrishna

- Swamis temple. A portion

of the temple building

on the East Eastern side

is it- seems required

by the Education Dept,

for the purpose of locating

a School therein. The

Auditor said that the

Dy Inspector of Schools

Offered to get the

repairs done from the
Education funds if permitted and
use the building for
school purposes — such
~~it~~ a procedure is not
desirable for obvious
reasons — The Architect
was informed that necessary
repairs ~~will~~ would be done from
the Municipal funds and
the Education Department
would be required to
pay a reasonable rent if
used for school purposes —
If this portion of the temple
is as observed above, fitted
up for a school, the
corresponding portion on
the ~~left~~ western side may
also be fitted up for
accommodation purposes
whenever any inspecting
visit the temple.

One

One Shanbhoga has, it seems, given over some of his landed property to this temple - Necessary information will be obtained on the subject -

The outer portion of the stone building of the Sri Lakshmidevamma temple in Venkatappa Chetty is almost come down - The repairs of this will involve a heavy cost. Arrangements made regarding temple Conse. created in a portion of this dharmasthana ~~stone~~ spot. The Archaka was ~~and~~ therefore told that the inner portion of the building might be maintained, removing thereto

The two Annamacharya Vigrahas and their estimate within reasonable bounds ~~may~~ might accordingly be submitted.

The Archaeological Department to notice that this temple had been originally in the enjoyment of certain villages of Venkatagiri Zamindari, but these were resumed along with other Vrittis, as the Kaifiyats of the Inams fell into arrears — The matter will be fully enquired into.

~~Ephemeris~~ Communication to ~~Archaeological~~ Archaeological Dept via Bureaucratic channel

Inspector the Archaeological Survey

Anna Chattanna at-
Chamarajanagar ~~Bangalore~~ This is
one of the "unrevised"
Chattanas. It appears
that one Ranyaka Rao
who was the Shanbhogue
of the Chattanas, died
a few ~~days~~ months
ago and the appointment
was temporarily filled
up by appointing a substitute.
The vacancy was not
reported to Government.
The appointment being an
unnecessary one it should
not have been filled up
The ~~Assistant~~ Deputy Commr will be
addressed on the subject.
with 5 children
One Ranyabhoge came
and represented to me
at Nagamangala camp that
She was the widow of

of the deceased Shanbhogue
Ranga Rao and that
after the death of her husband
she and her 5 children
— a daughter —
(the eldest of whom is only about
10 years old) have been
left in a destitute condition
and therefore prayed for some
help from the Chettram.
As some saving will be effected
by the abolition of the
appointment in question
Some rice allowance — say
one seer of rice with ~~condut~~
Condiments — may ~~be~~ in consideration of the help
given to the widow and deceased's
the children for their
maintenance —

Chamarajanagar to

Vandi and Kowandur

Inspected the Nanjangud
Amma

Anna Chettiar at-
Pandaramadi - This
is one of the 'unmissed'
Chettiars but is re-
-ported to be well conducted
by the present Portuguese
who is said to be Catholic.
Police Jamadar - The
Establishment charges
are rather heavy - One
Rathinam, who is here
Parishmark of the Chettiar
is it seems, under sus-
-picion - There are lots
of complaints against
him by the Amildar &
the Chettiars Portuguese.
His moral conduct was
also reported to be questionable.
The Amildar further
reported that his
appointment was

unnecessary and that the Cook might be required to do the Cook's and the Pariahmak's duties. Necessary information will be called for regarding the provision of the Lodik Patti —

Inspected the Gowri-
-pattheswaraswami Temple
at Konamoor :—

The temple is kept very clean and the repairs hitherto appears where been done satisfactorily - The Agamik of the temple requested that a certain amount might be kindly sanctioned for further repairs viz a Vasundah in front of the temple and a Compound wall - The matter will be Considered when

an

an Estimate is prepared

thereafter —

20th April 1903. Halt- Ranjangaon.

Inspected the following

Trustees at- Ranjangaon

(1) Sri Trikuteswara

Swami Temple

(2) The Parameswara

Kshetra

(3) The Ranjangaswami

Temple

& (4) the Chattram.

Also visited the Sri

Raghavendraswami

matt.

~~Entered~~ Examined

some of the jewels of the

Sri Trikuteswara —

- Swami Temple - Certain

petty repairs were sug-

gested to the Trustees

which were shown to

the Amildar and C.
Venkat- Rao in person -
He was asked to submit -
an Estimate for the repairs
thereof -

There are 5 Cars attached
to the temple, which are all
in need of repairs - The
matter is under correspondence
between this Office and
the Dy Commr and a
Separate note will be
submitted when the
matter is ripe for orders

X. For the Anjaneyaswami
Temple ~~at~~ an Estimate
was recently sanctioned
for Rs 500 of which Rs
250 being paid from
the State Grant of the
current official year -
But there being ~~to~~ some
in removing
the

The Volumes remarks seems to require some
explanation - The Archaeological work is under
work of supervising the
Govt - The Vaghnaic Volumes, could be as soon as
& by which one also out of order, may be
taken up when funds become

⊗ cultivation
The lands
endowed to the
temple both by
Govt and by
gentlemen,
and ~~have~~ seem
have been proper
attended to - D.C will be
on the

X.

the king people true just-
by the circle of the temple,
the ~~work~~ work of re-
-construction of the temple
has not yet been commenced.
The Shah-grant will
therefore be arranged to
in the vicinity
be credited ~~to the funds~~
of the temple, so that
the amount may not
lapse — The D.C. will at
the same time be requested
to expedite the work in
question —

The accommodation
provided in the Chattram
is not so very useful
to the public as was expected,
there being no latrine
arrangement. There is
no open ground. There
is a private Chattram
adjoining this

building, ~~which~~ but it
is not in a sound condition.
If a portion of it is required
for our charitable purposes,
it would be a great
improvement. The Dy
Comm^r will be asked
to enter into negociations
in the matter.

The house called
(~~If~~ ಸಂಖ್ಯೆ ೪೮೫೦೦೪")
attached to the Sri Prakasiswara
Swami temple is occupied
by the Archaka. It seems
the former Archaka, viz
C. D. Ramaswamiyya,
was paying a rent of Rs 9
per annum, whereas the
present Archaka pays
only Rs 4½. The rent is
probably calculated upon
the Archaka's pay. I
am of opinion that

a reasonable rent may be fixed, which must be paid irrespective of this prop— no percentage need be allowed— the Dy Comm's opinion will also be called for in the matter as to what rent may be reasonably fixed.

21st April 1903. Investigated & Report—

22nd and 23rd Hall Report —

24th April. Inspected Hari Temple on the Chamundi hill —

The repairs recently executed to the Sri Chamundeswari Amma temple seem to have been important and necessary items have been omitted They are as follows: —

(1) The Cook-house is

is very small - it should therefore be extended by the demolition of a partition wall between the Kitchen and the "ę ɗoʌ or ?" adjoining it.

(ii) The window-shutters of the cook room should be divided into two portions — the upper and the lower — so that the things inside may not be visible to others passing in the Enclosure —

(iii) The inner floor of the southern compound should be properly levelled so as to give sufficient slope for the rain water to escape into the drain at the southern corner —

(iv) The Partakhaya

of the temple represented that the car required immediate repairs & that the roof of it as well as the building in which it is kept also required renovation — He also said that a small iron-safe to be kept in the inner shrine for the safe custody of the valuable jewels & that every now and then from the Palace Treasury — He was asked to report everything to the Palace Controller & from whom formal communications would be received in due course —

25th April — Had to report —

26th " — Report to Chinnaputtan

Inspected the following

Institutions :—

(1) Sri Arulakanteswara
- Swamiji Temple -

(2) Sri Lakshminarayana
- Swami temple

(3) Kille Varadaraja -
- Swami Temple -

(4) Kasi Visweswaraswami
Temple -

(5) Akhalsha Khadri
makkam -

(6) Ibrahim Khan makkam -

(7) The chattram
The main temple of —

Sri Arulakanteswaraswami
was inspected the leaky —
one Lakshminarayana.
The Architect was asked
to send an Estimate
at once - The other portions which are also in
urgent need of repairs cannot be taken up now
The right corner of —
the Varadaraja mantap
of the Sri Lakshminarayana -
Swami Temple is in a

many involve
a heavy cost

a dangerous condition -
This will also be attended
to immediately - It
seems the devotees have
paid some contribution.

The following items
of repairs were urgently called for in
the Akhuncha Khandi
mazkur which was
inspected in company
with our Abdabaca Ahmad
Ali, Asst. Comm. of
Chanpal. It may
be taken up in the order
mentioned below: —
(i) Petty repairs to the dome
(ii) Masjid portion,
providing a Varandah
thereto.
(iii) Akhunkhana portion
(iv) Mazarkhana portion

There is a small building
called Ganapathikhana —
It is not in use now
and is in a dilapidated
condition. The Asst-
Comm^r was of opinion
that this building might
be entirely removed and
the space kept open —

There is also another
building called Bungalow
portion with 2 tombs thereon — A portion
of the roof of the building
is come down — Some were
of opinion that the roof
might again be put up
but the others suggested
that it might be kept open
with a compound, ~~as~~ as
in the case of Jail portion
The latter idea seems
preferable —

N Gulshan Khadri

building" which is in the centre, may also be repaired at a small cost.

Just about 2 furlongs from the market, there is another market dedicated to Ibrahim Khan, who at one time was a Commander in the British Service. An allowance of Rs 20 a month is paid to this market from the mandrum fund.

The funding in the Chattram was reported to go on throughout the month -

27th April 1903. Conveyance to Multan and back.

Inspection Fee

Gopalakrishnaswami temple at Chikka mallur and the Apprameyaswami and the Eshwara temples at Doddamallur - in company with the Architect and the D. P. W. Supervisor.

The ceiling of the mantap of the Gopala Krishnaswami Temple at Chikka mallur is very dark - Two windows on both sides. ~~should~~ ~~at once be opened~~

The Architect was asked to send up an estimate for opening out

The following works seem necessary in ~~the~~ ~~temples~~ Apprameyaswami and Eshwara temples :-

(1) In view of sufficient light being known at the Ramanujachari's Sannidhi which is rather dark and is consequently filled with bats, the ~~west~~ wall portion on

on the entrance near
the Samiddhi
be entirely removed
and the same being
provided with a
frame and iron bars.
The same kind of
improvement should
be effected in the
corresponding portion
on the other side

(ii) Flooring the
floor -

(iii) Rebuilding the
Chandrasala mantap -

Certain improvements
regarding the last-item
were suggested by the
D. P. W. Superintendent,
the same will be
in a separate memo
and submitted

Drawn an receipt of
an Estimate which had
been returned to the
Dy Comr with certain
remarks —

There are ~~several~~ a few
broken coloured Vahanams
heaped up in the Vahana
mantap near the temple —
The mantap which is
a very spacious one
is consequently very unsightly —
~~Since~~ The Architect
was asked to find some
other place if possible,
for these unserviceable
Vahanams, or submit
formal proposals to
dispose them of, if ~~no~~
there were no objection —

Returned to Bangalore
the mail train on the 27th April 1903 —

Corrected copy of this
sent to the Dewan to duty
on 4th May 1903.

M U Z R A I

Inspection Notes of the Muzrai Secretary

December 1906.

24th December 1906

Bangalore to Maddur by the mail train at 7-4 A.M. Arrived Maddur 11 A.M. Was put up at the Divetpur Chattra.

Several rooms in this Chattram have not doors now. Doors have to be provided for. A latrin for the use of those resorting to the Chattram has to be constructed. The Parichayak who looks after the Chattram is keeping it clean enough, supplying vessels to those who require them.

In the evening I visited the Sri Lakshmi Narasimhaswami and other temples at Maddur as also the Chattram there. The corner wall to the left of the Sri Prasanna Narasimhaswami temple has to be raised to a height of a foot or so and the top plastered. Two -- strong locks for the Mahadwara and inner doors are -- required. The roof of the Anjaneya temple leaks and requires repairs. An estimate for those petty repairs should be submitted. The temple is an ancient one and it is stated that the deity therein was consecrated by

Inadik
Rs 666-8-0 per annum

Dasdik
Rs 68-12-0 per annum

Brahma and improved by Arjuna. The deity has eight - hands and two eyes. The Varadarajaswami temple to which repairs were executed under orders of Mr Srinivasachar is now in ruins. The plastered walls all round the temple have cracked badly and are likely to fall down soon. The walls have to be pull down and - the old stone walls retained, crevices between slabs being pointed, and the roof made water tight, so as to prevent the beautiful image being damaged. An estimate

Dasdik
Rs 5-11-0 per annum

for this should be submitted. The Sri Viswesvara temple is in utter ruins and the nuisance inside The devotees represent that the idol ~~may~~ might be removed - and consecrated in the Ganesha temple near the temple town. There is saving of about 100 Rs at the credit of this temple and the Jois of the place promises to- contribute Rs 40 and Government aid to the extent of Rs 200 is asked for the purpose of improving the --- Ganesha temple and consecrating therein the idol of Iswara. An estimate should be submitted.

There is Masjid at Maddur and owing to its damp and insanitary ~~condition~~ locality, the Mohomedans - pray for permission to construct the Masjid in a different locality Enquires will have to be made as to -

whether the other communities have any objection to this and - permission granted after obtaining proper Muchalikas from the Mohomadans ~~building~~ binding themselves not to obstruct at any time the passing of Hindu and other procession with music in front of - the new Masjid and keeping the front doorway facing a line.

30th December 1906. Started to Malavalli. Inspected the Sri Lakshmiramana Swami temple at Marehalli. The place is Rs Income Rs 290 per annum said to be Gajaranyakshetra and Lambakarna Rishi is said to perform Puja even to this day at the dead of nights. Abhisheka is done in hot water. The deity is held in high veneration. The - huge temple building is in the utter dilapidation and the people are clamouring for its renovation. The temple itself has no fund has been deposited by the people An estimate under Govt order of it own and a contribution of Rs. 1500, has been prepared and submitted to the Chief Engineer and its receipt is awaited by - Government in the Muzrai Department. I was informed that the cost of the estimate was about Rs.21000. Owing to want of funds it is well to remove the roof of the Muksha Mantap, refix the pillars which have sunk down and reroof the same, providing ~~the~~ two sky-lights at the right and left corners of the main temple to admit of more light and air. The cost of all these may be about Rs500 and the contribution may be supplemented by a Government grant. If the people come forward with more liberal contributions as I was told they would when the repairs were actually put in hand

to Government may grant a further sum towards its renovation.

[illegible] should be called first. Th[illegible]

[illegible] of the Sri Lakshmi Narasimhaswami is kept in the

[illegible] will. The Temple Gopuram requires

[illegible] should be prepared and submitted.

[illegible] of the other shrines and Temple is kept in good

[illegible] repair at their own cost pur-

[illegible] Temple buildings and are conducting worship to satisfac-

torily. The [illegible] and the compound wall require repairs. As

the Temple has [illegible] large sum of their money to-

wards improving the Temple the cost of the works to be executed

by the Committee [illegible] the sums to fall due will be given by

Government. An estimate should be prepared and submitted inclu-

ding therein the cost of flooring the Kurbhagudi of the Utsava-

murti and constructing a small kitchen inside the Temple com-

pound.

On 3rd December 1903. left Malavalli for Sivasamudram

and arrived there at 10 A.M.

Inspected the Sri Ramanathaswami and the Sri Gopalaswa-

mi Hindu Temple in the Island, and also the temples of Ranganathi

at the entrance to the Permanent (bridge connecting Sivasamudra

and Kollegal) Siddhapaji Gaddige and Veerabhadra, and the ----

Chattram and the Agrahar.

Towards the repairs to all these an estimate for Rs.

5000/- has been sanctioned. S. C. Suryanarayana Rao who is in

charge of the works pointed out to me the list of repairs need-

ed. The Subaltern was at the time absent at Kadra. His Agent

and Mr. Raju Moodliyar gave me the required information . A -- separate note on the affairs of the Sivasamudram charities will be submitted.

28th December 1.Oo.

Left for Tumkur.

A separate note will be submitted on the affairs of the - Sri Vyasarayaswami Mtt. I inspected the Sri Kornadevi and Veera Bhadradevaru temples at the place to which increased scale of - expenditure was recently sanctioned.

On the 29th, I proceeded to Tirumakoodlu and inspected the Sri Agastheswaraswami temple at the place. A sum of Rs.25 was sanctioned for flooring the Sri Hanumantheswaraswami temple but the work does not appear to have been executed. The floor was - plastered with mud and they told me that chunam plastering would be done soon. In the Sri Agastheswaraswami temple, there is the Vigraha of Vinayaka on one of the pillars. During the recent repairs executed to the temple, the small building which covered the idol had to be pulled down as it was in a deteriorated state A sort of Prabhavale in brick in mortar is required as the towns people hold the deity in high veneration. An estimate will be - called for. I inspected the Brindavanas of Seshachendrikarayaru one of the presiding priests of the Sri Vyasarayaswami Matt who is stated to have completed the commentaries of Bhashya left by

Inwdk
Rs 188-2-8
per annum

Sri Vyasarajaru the founder of the Matt. I then visited the Sri Kunjanarasimhaswami temple. The outer walls with the roofing of this ancient temple have leaned out of the perpendicular.

Jasdik Rs 55-6-0 per annum

[illegible] All the stone walls [illegible] to be strengthened by buttresses from outside to prevent their further collapse.

31st December 1937

Visited the Sri Ramaswami temple

Jasdik Rs 29 per annum + 17½ Kundies of paddy Kunnerkatte land

The South East corner of the Sri Ramaswami temple has crashed down since my last visit. The temple has a service inam of Rs. 29 per annum and 17½ kundies of paddy and all in the compound for Pujari's house and will be collected for.

The proposition of silver vessels to be presented, ordered for the Hundiers temple is said to be in progress and they will be all ready before the next date in February 1938.

The temple of Kailasaswami at this place is in utter ruins. The monthly tasdik of 0-7-7 ordered to this Institution is now brought under a virtual no puja is performed therein. The people request me in person to get this tasdik may be kindly transferred to the Sri Ramanathaswami temple at this place in which puja is regularly conducted.

Jasdik Rs 14-6-0 per annum + 17½ Kundies of paddy

I also intend to suggest the Government towards the construction of which, the Government has sanctioned nearly Rs1

They have excavated foundation and collected materials.

Date by 1907

Date to Completion

Inspected the Sri Ramaswami temple and other temples at the place and other Mahomedan Institutions. I also inspected the Sri Venkateswara swami temple on the Kirishetta Hill. Urgent repairs are needed to the car of the Kirishetta temple. The Amildar (Mr. Syed Yakoob informed me that an estimate for Rs. 190 had been submitted by him to the Deputy Commissioner who had returned it for a credit certificate being furnished. As the car festival comes off on the 1st March 1907 and as there was a sum of about Rs. 205 in the savings Bank, I instructed the Amildar to expedite the resubmission of the estimate and have the repairs executed at once in anticipation of sanction.

The kitchen, the mantaps constructed by devotees the Anjaneyaswami temple, a portion of the compound wall and the Vahana and other mantaps are all in urgent need of repairs. I was informed that this ancient temple attracted large numbers of devotees who are willing to liberally contribute towards the cost of the repairs. I have informed the Deputy Commissioner and the Amildar that unless sufficiently large contributions are received the Government cannot undertake the heavy repairs needed. A carefully prepared estimate for them with a report as to the

[illegible] of contributions received has been called for from the Deputy Commissioner.

As regards the repairs needed to the mantaps built by devotees, I have asked the Amildar to issue notices to the owners thereof requiring them to put their mantaps in order before the ensuing car festival.

Whereat the Gumbuz, I noticed a small plant growing on the dome of the Gumbuz. This should be rooted out immediately to prevent its roots damaging the dome in the future. The scaffolding will alone cost somewhat heavily but it does not matter seeing that the work is necessary and urgent. I have called for an estimate for this. At the South West corner of the Gumbuz, 4 Casaurina trees have grown and are damaging the foundation of the adjoining building and rendering the place beneath insanitary. The trees should be carefully felled and the roots removed and the poles sold and the proceeds credited to the Gumbuz fund. I have written to the Deputy Commissioner to do this.

It appears that when H. E. the Governor of Madras Sir Arthur Lawly visited the Gumbuz, he was pleased to suggest that an avenue of cypress trees should be planted on the Southern side of the Gumbuz so as to correspond with the avenue on the Northern side- the present main entrance to the Gumbuz. This will add to the beauty of the place and to the symmetry on the two opposite sides. There are four fruit bearing mango

(8)

[illegible] in position and instead of cutting them off [illegible] and the Deputy Commissioner to give his opinion as to [illegible] which I have [illegible] by yielding some of [illegible] compound to enable [illegible] to be [illegible] for the purposes. I have asked [illegible] for an objective.

[illegible] for the use of Christians is allowed only for 20 days in the year with [illegible]. For the remaining 20 days in the month, there is scarcity of water supply in the [illegible]. It was proposed to construct a tank for water for garden purposes and I have called for a estimate for the work.

[illegible] I visited the Jail Hospital [illegible] and pointed that the [illegible] sanctioned had been satisfactorily executed. The floor of the repaired portion required to be concreted. Proper drainage has to be provided for the floor of the latrine to the street or in addition. The level of the open yard has for this purpose to be slightly raised. The walls of the building to which no repairs are sanctioned have cracked badly and have to be pulled down and new walls erected. The floor should be raised a little so that the temple inside the Prisoners may be visible from outside. The Executive Engineer will

addressed in the matter and revised estimate called for.

left for Bangalore by the mail train on Saturday the 5th January 1907.
